PAPERS LAID ON THE TABLE

THE DEPUTY CHAIRMAN: Now, papers to be laid.

S^RI GHULAM RASOOL MATTO (Jammu and Kashmir): I have a pcint of order with regard to the pacers laid. In today's, list of papers to be laid, I have examined, there are 14 papers to be laid on the Table of the House and in almost all tihe 14 papers it js seen that statement giving reasons for delay in laying the papers is shown. I had raised this question before also and the hon. Chairman had slated that this question can be discussed and considered by the Committee on Papers Laid on the Table of th House. But my point of order today is not with regard to that. Whether there has been delay in laying the papers or not, is a question that the Committee will look into. But my point of order is that laying of the papers on the Table of the House is mandatory under the statute, under the law made by this Parliament. I have studied one or two laws and the law says that the papers shall be laid before the House within 30 days cr 60 days or three months. So, in my opinion, it is only this House that can condone the delay in laying the paper$_s$ on the Table, I want your ruling. If j. ou think you can give your ruling right now, you may give it and if you wtmt to study it, you may do so be-caus2 my fiirm oPinion is that it is only this House which can condong delay in laying the papers on the Table $_0$f the House.

THE DEPUTY CHAIRMAN; I will look into it and let you know.
